**COMPANY PROFILE**

# ABOUT US

KRP has been operating on Thailand's Eastern Seaboard since 1995. Located in the heart of the Eastern Economic Corridor (EEC), we provide bespoke international standard risk management solutions to our Asia Pacific customers.

With both highly experienced local and foreign expertise, we provide solutions that not only meet regulatory requirements that are cost effective, follow global best practices, and work first time and every time when it matters the most.

- We commit to providing honest and reliable services that add value to our customer's businesses at a competitive price
- We act with integrity and maintain the highest ethical standards
- We are environmentally and culturally responsible
- We care for the health and safety of our employees and customers
- We actively support the communities in which we do business

## MD's Message

*" We continue to grow in the region, thanks to the continued support of our loyal staff, customers and suppliers.*

*We take a professional approach to all services we provide and ensure we act responsibly, honestly and respectfully in all aspects of our day-to-day operations.*

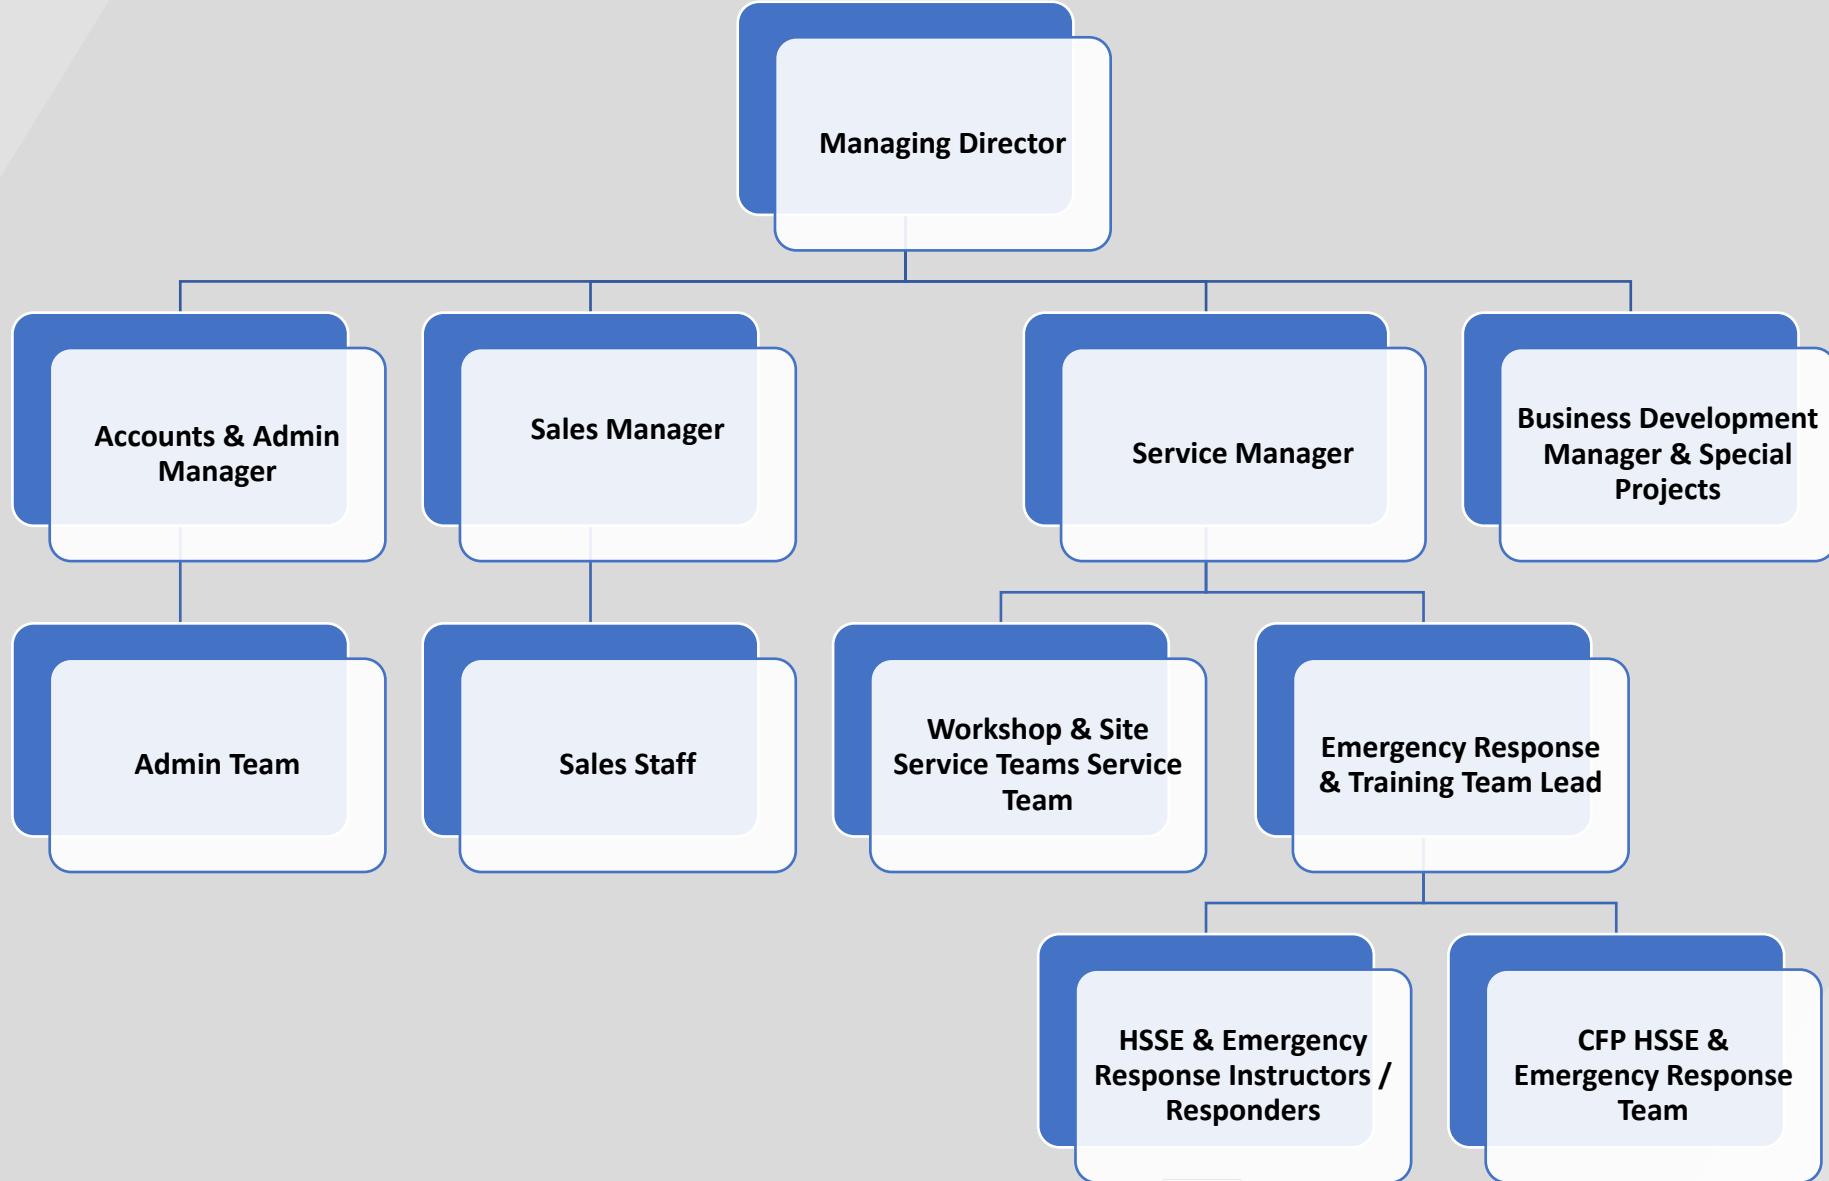

*We continue to strive to be the benchmark provider of risk management services to Thailand and the ASEAN region.*
